COMMUNICATION TO THE EXAMINER AND INTERVIEW SUMMARY

Commissioner for Patents
PO Box 1450
Alexandria, VA 22313-1450

Sir:

In the Office Action mailed December 29, 2005, the Examiner returned a copy of an Attachment 1(g) filed with the IDS on February 3, 2005 listing a Partial European Search Report and a copy of an Attachment 1(g) filed with the IDS on November 2, 2005 listing a Chinese Office Action and English translation of the Chinese Office Action.

The Examiner had placed a line through the Partial European Search Report designated as "AE" on Attachment 1(g) filed with the IDS on February 3, 2005 and had placed a line through the Chinese Office Action with English translation designated as "AF" on Attachment 1(g) filed with the IDS on November 2, 2005. However, the Examiner did sign and date both Attachments.

On April 7, 2006, the undersigned initiated a telephone interview with the Examiner to determine whether the Examiner had considered the Partial European Search Report and Chinese Office Action with English translation. During the telephone interview, the Examiner indicated that he reviewed and considered the European Search Report and Chinese Office Action. However, in order to avoid the printing of "European Search Report" and "Chinese Office Action" on the face of the issued patent, he placed a line through the text in the two Attachments.

Accordingly, as agreed upon during the telephone interview, this Communication to the Examiner and Interview Summary is submitted to summarize the telephone interview and further clarify the prosecution history of this patent application by making of record the Examiner's review and consideration of the Partial European Search Report and Chinese Office Action with English translation listed in the Attachments.

If the Examiner wishes to further clarify the prosecution history in response to this Communication, the Examiner is requested to provide an Interview Summary.

Respectfully submitted,

STAAS & HALSEY LLP
